Start the day your way

- Wake up to your favorite radio tune or a buzzer
- Gentle wake with increasing alarm volume
- Dual alarm time

Keep you punctual - always

- Digital radio-controlled clock for accurate time settings
- Large backlit LCD display for easy viewing in low light

Highlights

Radio-controlled clock

Radio-controlled clock automatically synchronizes with the local radio broadcast's standard time so you don't ever need to worry about checking for accuracy or making adjustments. Accurate time without latency is ensured daily or while the clock's power is on. Rest assured you'll always be punctual for every appointment!

Digital tuning with presets

Digital tuning with presets

Gentle Wake

Start your day right by waking up gently to a gradually escalating alarm volume. Normal alarm sounds with a preset volume are either too low to wake you up or are so uncomfortably loud that you are rudely jolted awake. Choose to wake up to your favorite music, radio station or buzzer alarm. Gentle

wake's alarm volume gradually increases from subtly low to reasonably high in order to gently rouse you.

Large backlit LCD display

Backlit LCD display ensures easy viewing and operation in low light conditions, and provides clear information at a glance.
